

Replacement Recommendation

Department of Social Services

Issue 1: CalFresh Administration Costs & County Match-Waiver

Staff Recommendation: Adopt a one-time reduction of \$45 million GF and a one-year extension of the match-waiver, with as much of the reduction achieved through reversions of funding unexpended in prior years as possible. To the extent that the reduction is achieved through a reduction in 2012-13 funding, require the Department to consult with counties regarding how to allocate the reduction and to report back to the Legislature during budget hearings regarding the resulting impacts on the program.
